MAHLE[®]

ORIGINAL FILTERS

Over the last five decades, MAHLE has built brands that have lent a significant boost to the company's reputation. Purolator and MAHLE have are well-recognised names in the country's automotive components sector. Additionally, we offer a wide range of innovative and futuristic air filtration products and solutions to our customers. We pioneered the development of a new pleating technique for reducing the size of spin-on filters and a new dual-layered filtration media for fuel and oil applications.
